FALLS FROM RING

St. Paul Boxer Complete
Master of Situation In
Every Round

MICHIGAN CITY, Ind.—(Associated Press.)—Tom Gibbons of St. Paul, Minn., the only boxer to stay the limit with Jack Dempsey, restored himself to standing as a contender for the world's heavyweight championship Saturday when he decisively defeated Georges Carpentier, ring idol of France, in their ten round international contest. It was decided before a capacity crowd of 20,000 spectators in the sky blue arena on the edge of this little resort city.

Gibbons, winning from start to finish, perfect master of the situation at every stage of the battle, had his French foe staggering and groggy half a dozen times, and only Carpentier's refusal to battle possibly saved him from a knockout.

The Frenchman, bleeding from the mouth and blood dripping from a cut over his right eye, jumped from the ring between two of his seconds, a thoroughly defeated man. He declared he twisted his right ankle in the ninth when he slipped on a wet spot in the ring, during a lively exchange at close quarters.

He was able to walk to his corner of the ring, unassisted, but fell limply into the arms of a policeman when he attempted to descend from the ring. He was carried up the aisle and out of the crowd to his dressing room.

Carpentier withstood a shower of left hooks and right smashes that were meant to end the contest half a dozen times. He courageously retreated, hung on in the clinches and forced Gibbons to chase him.

Carpentier was in such a desperate situation in the seventh round, feeling and groggy from blows to the chin, that his manager, Finney, Desamps, scrambled from the corner to the floor of the ring just outside the ropes and began yelling to Carpentier to "get out of there."

Carpentier also was tottering at the end of the eighth, ninth, and tenth rounds.

Gibbons fought a perfect fight, but he evidently planned before the fight to beat his foe to a pulp. He punched him with the sublimely correct, always backing away and not yielding to a flimsy blow.

The St. Paul boxer figured that he was Carpentier's master before they had finished the first round. He had no difficulty in connecting whenever he started a blow and smashed the Frenchman's body and head with perfectly timed left hooks, interspersing them with jolting right crosses to the chin.

Gibbons had a perfect defense for Carpentier's famous right hand blow a punch which almost laid Jack Dempsey low in the famous "battle of the century" fight. Carpentier vainly tried to land with it and only succeeded in landing with it effectively once during the ten rounds. This was in the fourth, when he flashed it at the Frenchman's head.

It caught Gibbons flush on the chin. He went back on his heels, evidently hurt, but Carpentier did not follow it up. Gibbons quickly recovered however, and at no other time during the thrilling ten rounds was he in danger.

There did not seem to be a possible chance that Carpentier would have beaten Gibbons. He was heavily beaten, feeling and staggering around the ring, but clung desperately to Gibbons in the clinches and deliberately kept him in the open, that the St. Paul boxer was unable to whip him with a finishing blow.

After the laws of Indiana, no person was permitted at the end of the bout but the newspaper men in their opinion that Gibbons was every one of the ten rounds, including the fourth, then Carpentier momentarily dazed with his right.

When Carpentier dropped to the floor in the middle of the fourth round, after an exchange of blows, he pointed out to his handlers that he had injured his right ankle. He knelt, struggling.

FLOGGING BRINGS END
TO YOUNG LOVE DREAMBroadway Bubble Bursts When
Tinney, Wilson Clash

BEGINS AT SUICIDE PARTY

Comedian Arrested On Com-
plaint Of Follies Girl

NEW YORK.—(Special)—Another Broadway bubble has burst. And with it comes the blow-up of another Gay Night. Way off of two of the White Light district's favorites—Imogene Wilson, it's most beautiful girl, and Frank Tinney, it's funniest man.

All because she, the psychologist, says, was too beautiful and he was too funny.

It began with a "Suicide Party" for Miss Wilson, and ended with jail for Frank Tinney. But in the interim, the love that was theirs was shattered—and so was Miss Wilson. For in the aftermath of her party, the pretty Follies girl got a bad beating on arms, head and body.

As a result she had Tinney arrested—and ended her love's young, if not too sweet, dream. Miss Wilson is one of the thousands of country girls who come to New York to get into the white lights.

An orphan, reared in a convent at St. Joseph, Mo., she never received much warning against life. "The nuns were so sweet and good," she says, "they gave me nothing but love and kindness. And I dreamed—of wonderful men, happiness and romance."

"So I came to New York to go on the stage. Because I had good looks, I soon got a job—in a play called 'Duffy Dill,' which starred Frank Tinney."

"One day in Providence, R. I., he invited me to come and see him. I went. That was the beginning."

Their affair ripened into love. Broadway was started gossiping. For Tinney was married and had a child. But his wife was away in California.

Miss Wilson's beauty soon attracted attention. She became a Follies girl and was acclaimed the most beautiful. Pleasants and kind words completed the change of Broadway's convent maiden into a Broadway favorite.

At times there was rumor of a Tinney divorce. But the case never came into court. And the black-faced comedian continued his affair with Miss Wilson, whom he called affectionately "Bubble."

She urged him to go back to his wife on her return from the coast. But her pleas went unheeded. In a moment of despondency, Miss Wilson decided to commit suicide. To keep attuned to the glamor that had become hers, she planned to make her final exit at an elaborate party staged in her apartment.

Guests were gathered, wine flowed freely, and the morning was at its height, when Miss Wilson swallowed some tablets that she thought were bicarbonate of mercury. The party was too lively to take her seriously. Its members planted a lily in her hand and held a mock funeral.

But one more sober person phoned for an ambulance. The physician found that Miss Wilson had made a mistake. She had taken only a sugar tablet.

When the story got into the newspapers, Tinney's name was mentioned next night.

In the fracas which followed, Miss Wilson was badly beaten—LOVED HIM.

"Yet I loved him so," she said afterwards. "And he loved me." Such manifestation of love, points out William J. Fielding, eminent psychoanalyst, is the result of emotional temperament run riot.

"It is found among stage folk, whose very work is one of the emotions," says Fielding. "With it comes a temporary mental aberration to which high-strung persons often are subject."

"But when the beating is accompanied by so much shock, as that indicated in Miss Wilson's statement, revulsion sets in—and love turns to hate."

"I doubt very much if the girl will ever again be able to love her funny man—whose humor may be a just forced tendency to overcome a serious brooding side that might have been dominant."

But whatever the final outcome of her affair, Miss Wilson hopes that it will serve as a lesson to others—"Who, too," she says, "have been beaten, degraded, shamed and humiliated—as I have been."

HINES HEARING
ON JUNE 9Papers In Murder Case Being
Prepared In Lima

OTTAWA—Within the week it is expected that a copy of the original second degree indictment returned against Otis Hines, negro cook, and all the documents necessary in re-trial of Hines will be certified by John T. Cotner, of Allen-co, to Joseph T. Deters, Putnam-co clerk of courts.

The trial will open here on Monday, June 9. Judge E. R. Eastman, of Putnam-co, will sit in the trial.

He announced that a new venire of more than 50 persons will not be summoned as is common in murder trials, but that additional jurors will be drawn and the regular petit jury venire of Putnam-co used.

Hines was convicted of manslaughter by a jury in common pleas court at Lima, in January, 1923.

A penitentiary sentence of fifteen years hangs over his head. Hines killed Robert Halloran, during the strike of shop crafts in September, 1922, following an altercation in the vicinity of the B. & O. shops.

Hines has been free on the largest amount of bond ever required of an Allen-co prisoner—that of \$10,000.

Work of Local Singers
Gets Commendation
Of Experts

Lima's Kiwanis Harmonic society once again proved its worth by topping all other competitors at the annual Youngstown eisteddfod.

Local singers were successful in three events and were awarded prizes totaling \$1,055. Other cities placing were: Youngstown, \$1,015; New Castle, \$155; Pittsburgh, \$40, and Warren, \$15.

Honors won by Lima were as follows: Mixed chorus, \$1,000; mixed quartet, \$40 and contralto solo, \$15.

Youngstown male singers were successful in getting the male chorus altho the Lima chorus ran them a close second. Work of the local singers in one of the three selections was judged superior but the Youngstown chorus showed up better in the other two.

Other events were awarded as follows: Soprano solo, Youngstown; mixed choir, New Castle, Pa.; soprano and alto duet, Pittsburgh; baritone solo, Pittsburgh; tenor solo, Warren; tenor and bass duet, New Castle, and mixed trio, New Castle.

Individual singers from Lima who won honors were Helen Bowers Brady, who took first place in the contralto solo, and Rolla Mikessell, Blanch Finicle, Helen Bowers Brady and Alfred Shumaker who took part in the mixed quartet.

A unique compliment was given Lima by Pierre R. Key, New York musical expert who acted as one of the judges. His statement, made to Don John, manager of the society, is as follows: "While I have had an opportunity to hear the best choruses in the east I can truly say that the singing of the Lima Kiwanis Harmonic club was far superior to that of any chorus I have ever heard. In fact, I was amazed at the smoothness and perfect blending of the chorus. Your people should be proud to have a director such as Mark Evans."

Other judges who expressed their admiration for the Lima singers were D. Rhys Ford, Warren, and Harvey B. Gaul, Pittsburgh.

Following the competition Roger DeBruyn, concert manager of New York, informed the Lima singers that if they ever desired a New York engagement he would be ready to book them for Carnegie hall and assured them their concert would be a complete success.

Walter Koons, dramatic critic for the Musical Digest, told Lima singers he is preparing a most commendatory review of their work and promised to send a copy to the local officials.

Members of the party will leave Youngstown Sunday morning and will arrive in Lima sometime Sunday afternoon. Don John announced following the concert.

It is probable that a concert will be given by the singers following their return to Lima.

James J. Davis, secretary of labor, returned to Youngstown, in which he once killed an iron puddler, and addressed thousands of the Welsh steel workers whose life he once shared, on the occasion of the annual eisteddfod.

Girls Victims Of School Fire
Near Los Angeles

LOS ANGELES.—(Associated Press.)—Between fifteen and twenty girl inmates are believed to have perished in a fire Saturday night which destroyed the Hope Development School for Sub Normal Girls at Playa Del Rey, near here.

Nineteen of the school's 39 girl inmates have been removed to a hospital at Venice, three and a half miles north, injured by the flames or from jumping from the second story of the three story building.

Six firemen from Venice station hurried from a telephone pole by high tension wires during the course of the fire, also have been removed to the Venice hospital.

Officials in Washington, realizing a strenuous campaign is about to come, are getting fit and ready. Each has his particular way to do it. Secretary of Labor James J. STRANGE CRIME
CLEARED UPPuzzling Franks Murder Solved
Thru Confessions

3 RICH FAMILIES INVOLVED

Millionaires' Sons Admit Kid-
naping and Killing

CHICAGO.—(Associated Press.)—Youthful sons of two Chicago millionaires Saturday confessed the kidnapping and slaying ten days ago of Robert Franks, 13 year old son of Jacob Franks, another millionaire, according to Robert E. Crowe, state's attorney.

The boys who confessed are Nathan Leopold, Jr., and Richard Loeb, both university students, and both residing within a few blocks of the Franks' home in a fashionable South Side residential district.

They kidnapped the boy as he walked home from school, strangled him in their automobile, concealed his body and demanded a \$10,000 ransom from the parents; according to Crowe.

A pair of spectacles led to their arrest and the chance remark of a chauffeur resulted in their collapse and confession when the authorities, after hours of questioning, were virtually convinced the youths had established alibis and considering releasing them.

State's attorney Crowe declaring that they wanted excitement and \$10,000 ransom, while friends asserted they did not need the money and doubted the truth of the confession. Both youths have records as brilliant students, one being the youngest ever graduated from the literary college of a leading midwestern university, and the other doing special work at a university here.

Leopold is the son of Nathan Leopold, Sr., wealthy paper box manufacturer, and Loeb is the son of Albert Loeb, vice president of Sears, Roebuck and Co., a Chicago mail order house.

At one time, according to Crowe, the boys said they considered kidnapping a relative of Julius Rosenwald, multi-millionaire head of the firm.

STRANGE CRIME
The boys' confession, the state's attorney believes, clears up one of the strangest crimes in Chicago's history. Robert Franks disappeared on the afternoon of May 21, as he was going from a private school to his home a few blocks distant. That night, a man posing as "George Johnson," telephoned the boy's mother that her son was held for ransom and the next day the father received a letter demanding \$10,000 for the boy's release and instructing him that further orders would follow.

In the afternoon came a telephone call to Franks from Johnson instructing him to take the money, which he had ready, to a drug store the address of which Franks did not understand. A few minutes afterward the nude body of a boy found stuffed into a culvert in a South Side swamp, was identified as his son.

According to the state's attorney, Leopold and Loeb said that last November they conceived the plan to kidnap some one and hold him for a ransom of \$10,000.

H. M. DAUGHERTY
SUMMONEDEx-Attorney General Called
By Senate Probers

WASHINGTON.—(Associated Press.)—A final windup of the long story of Gaston B. Means, the taking of a brief statement from Senator Lodge and a fracas with A. L. Fink, a volunteer informant, made up Saturday's record in the senate Daugherty investigation.

At adjournment Chairman Brookhart notified attorneys for H. M. Daugherty that the committee wanted to hear the former attorney general himself next Friday and got a promise that his answer to the request would be forthcoming Monday.

Saturday came in momentarily to make a brief but absolute denial that he had aided anybody, anywhere, to obtain permits for the exportation of whisky. Means had mentioned him on direct examination as having been concerned with the granting of such permits to Craven brothers, a New York firm.

Fink followed Senator Lodge by unexpectedly demanding that he be allowed to go on the stand. He identified himself as "the man Frank Vandenberg tried to get for \$1,000" to give perjured testimony against President Coolidge and further asserting that he wanted to tell some story about Senator Wheeler, the committee prosecutor, furnishing liquor to Roxie Stinson.

Subdued by the chairman, Fink left the room just before Senator Wheeler entered and the prosecutor was unable to have him returned later. In some detail Senator Wheeler later charged Fink with falsification and the committee identified him as the man associated with Miss Stinson, who was the divorced wife of Jess Smith, in an alleged hotel "frameup" in Cleveland.

A. L. Fink issued a statement tonight saying he had heard the senate committee was looking for him and that he would be on hand Monday morning with other witnesses to prove "damnable plot" against President Coolidge.

BISHOP BROWN IS
FOUND GUILTYVerdict Handed Down By Trial
Court At Cleveland

NOTICE OF APPEAL FILED

"Cannot Be Deposed," De-
clares Defiant Prelate

CLEVELAND.—(Associated Press.)—Declared "guilty" late Saturday of teaching doctrines not held by the Protestant Episcopal church, William Montkomery Brown, retired bishop of Arkansas, asserted his case was far from settled.

"I cannot be deposed," he said, and this was supplemented by formal notice of appeal, filed by his counsel.

The trial court itself gave the defendant a respite of nearly six months by announcing that it would not pass sentence until October 14, next. After that the defense will have sixty days in which to file its appeal to the church's board of review. Beyond that the possible appeals to first, the house of bishops and, if deemed necessary, to a general convention of the church, embracing the house of delegates as well as the house of bishops.

POSSIBLE PENALTIES.
The functions of the trial board will end with the passing of sentence. This may be according to the canons of church law, either a mere admonition, a suspension from the bishopric or expulsion from that body.

It was emphasized by Charles I. Dibble, church advocate, in his closing argument that there was no power to expel Bishop Brown from the church, the most severe penalty being a reduction to the rank of layman.

This would deprive him of his seat in the house of bishops with its rights and privileges. It would also take away his commission from the church to baptize, confirm and ordain altho the defense quoted authorities on a contention that anything the bishop might do in his respect would be, at the worst, only "irregular" and not invalid.

A solemn-faced count of seven bishops brought in the verdict of guilty. Two members were absent.

The verdict was "The accused is guilty of holding and teaching publicly and adversely doctrine contrary to that held by the Protestant Episcopal church in the United States of America in manner and form set forth in the presentation as to each of the charges and specifications in the indictment."

In a statement issued after the trial Bishop Brown declared himself satisfied with what had been accomplished "in making the public see the real issues involved, all hereby."

"The trial has brought to the theological darkness darkness, comprehending the statement 'The accused is guilty' Brown's regard for complicity every room in your home with the charm make the ideal setting for happy home. Select your paper."

Three raids, which mark renewal of activities by state prohibition officers in Allen and laize-cos, resulted in arrest of persons Saturday charged with legal possession of liquor.

Two of the three forays made by state and county officers in South Lima, late Saturday night. The third was made Wapakoneta by a posse of Marshal Frank Roney, the "Einstein" of Buckland.

Those arrested are: E. A. Haus, 510 W. chancie-st, Wapakoneta; Mary Winsky, 18, Lillian, of 148 W. Fourth-st, Louis Vallis, Italian room owner, 144 W. Fourth-st.

Tom Man, colored, 144 Fourth-st, Kuntz, Hungarian, 145 W. Third-st. Armed with a search warrant issued by Mayor James W. of Buckland, Roney and State officers Stroup and Watts, in Haus's residence at Wapakoneta Saturday afternoon.

BEER FOUND
Their search was rewarded the discovery of 15 cases of imported Canadian beer; 24 cases of Canadian whisky; and two half gallons of grain alcohol, all.

Haus will be arraigned Buckland on Monday, on a charge of illegal possession. Four cases of grape wine, also found in his home, were destroyed, according to Roney.

Officers believe that home was being used as a for the distribution of intoxicants to customers over a wide territory.

The raid, it is claimed, distinctly unpopular with the residents of Wapakoneta who resented the affair.

Returning to Lima, Roney and the state officers together with Deputy Sheriff A. C. Smith, raided several places in south Lima.

As they approached a pool hall, they observed Wapakoneta carrying a tea tin. She placed the container on her back door step. It was filled with whisky.

The girl told the officers a tall man whom she met at corner of Fourth and Main gave her \$5 to carry the whisky to Vallis' place. She had knowledge of the contents.

ANOTHER HELD
Some other liquor was found in the pool hall, and Tom colored, who was inside, was put back on his hip. It is in Vallis' place, the girl and Man taken to the county jail, will be taken before Judge Hamilton Monday morning.

Later the officers searched some of Frank Kuntz, and a pool hall, they observed Wapakoneta carrying a tea tin. She placed the container on her back door step. It was filled with whisky.

WOMAN'S MUSIC CLUB PLANS ANNUAL MEETING

LUNCHEON TO
END AFFAIRS
THIS SEASON

One O'Clock Party Arranged for Wednesday at Shawnee Country Club—Musical Program and Business Session to Formally Close Activities for Year

Mrs. Charles Black, President, Will Preside—Mrs. A. L. White, Chairman of the Social Committee, to Present Local Artists in Pleasing Recital

(BY HOPE HOLLISTER)

As the final gathering of the year, members of the Woman's Music club will hold a one o'clock luncheon at the Shawnee Country club, Wednesday. The luncheon which is an unusual affair, will be followed by a short musical program and a business session, when the business of the year will be brought to a formal close.

Mrs. Charles Black, president of the club, will preside. Reports from the various committee chairmen will be heard and a general discussion of next year's concert program will take place. The executive committee of the club has already chosen three numbers for the concert program, the famous tenor, Edward Johnson, the Cincinnati Symphony orchestra and Maier and Pattison, pianists.

Several numbers will be given by two new members of the music club, Mrs. Andrew Schutiz, vocal-

ist, and Miss Aileen Scott, violinist. Mrs. Ralph Austin will read Rogers' "Chitra," a lyrical drama.

Mrs. A. L. White is chairman of the social committee, which is arranging the affair. Assisting Mrs. White are Mrs. Forster Robinson, Mrs. A. T. MacDonnell and Mrs. John Roby.

Members are asked to meet at the home of Mrs. R. O. Woods, 512 E. Main-st., at 12 o'clock and go from there to the Country club.

Mrs. Amelia Siewert, 325 S. Main-st., will open her home Thursday evening for the annual dinner enjoyed by members of the club and their husbands.

Dinner will be at six o'clock.

The Ladies' Aid society of Emmanuel Lutheran church will meet Thursday afternoon with Mrs. Frank Hardin, 508 E. Elm-st.

Members of the Upstreamers club of Allen Review No. 197, W. B. A. met at the home of Miss Dorothy Brockert, 1112 S. Union-st., Wednesday evening.

A short business session was held after which contests and music were enjoyed. A three course luncheon was served by the hostess, assisted by Mrs. Elizabeth Brockert and Mrs. Arthur Kinsle.

Guests, other than the members, were Mrs. Emma Cupp and Mrs. Lucy Danner.

The Young People's Missionary society of Bethany Lutheran church will meet at the home of the pastor of the church, Rev. W. J. Spayde, 225 S. McDonald-st., Tuesday evening. Members are asked to be present at 7:45 o'clock.

Mrs. and Mr. O. B. Selfridge, Marquette-st., are spending the week-end with their son, Calvin, in Chicago.

Mrs. and Mr. J. R. Austin and daughter, Cora, of Dalton, Nevada, are the guests of Mrs. Madge Stevenson, S. Scott-st.

Mrs. J. M. Sweeney, 314 S. Reseda-st., will entertain the members of Wednesday Luncheon Bridge club at her home, Wednesday at one o'clock.

Mrs. K. I. Wolford, 429 N. Col. St., has as her guests over the week-end, Mrs. W. D. McDonald and Mrs. W. D. McDonald, of Columbus, and Mr. and Mrs. Lloyd Sherrick of Ft. Wayne, Ind.

A number of Lima musicians will appear on the program at a large musical party to be given Tuesday evening at eight o'clock at the Linden Country club. Those who will appear are Mrs. Clarence King, soprano soloist, Miss Violet Bradley, pianist, B. Harley Jones, violinist, and E. J. Currier, cellist. Hostesses at the party are Mrs. Garnet Rhew, Mrs. Arthur Silver, Miss Maude Osip and Mrs. Jessie Ayres Wil-

son. Musical numbers from Dayton, Pa., Greenville and Sidney will be on the program. A number of Lima people have received invitations to the affair.

Mrs. George MacDonnell entertained with a six-thirty o'clock dinner at the Shawnee Country club, Saturday evening, inviting a group of young people to meet her house-guest, Miss Virginia Lee Beall of Barnesville. Following dinner, dancing was enjoyed at the MacDonnell home, 419 S. Cole-st.

Guests were Miss Beall, Misses Mary Dunlap, Catherine Laughlin, Bernice Lindemith, Nell and Mary Joe Purcell, Jamie Easta, Dorothy Barth, Frances Christa, Jane Vail and Frances Green; Messrs. Oliver Kirk, Morris Hughes, Walter Yingling, George MacDonald, James Dunn, Benjamin Monitron, Frank Corry, John Boone, Thomas Crider, Gray Knisely, John Black and James Fletcher.

The regular meeting of the Garden club, scheduled for Monday afternoon, has been indefinitely postponed.

Members of Division No. 12 of the Ladies' Aid society of Trinity M. E. church will enjoy a covered dish luncheon at the country home of Mrs. F. L. Dixon, Tuesday. Those members wishing to attend are asked to notify Mrs. H. M. Wrigglesworth at home.

The Ladies' Aid society of the First Baptist church will hold their final meeting of the year, Friday afternoon at 2:30 o'clock, in the church parlors. An excellent program is being arranged.

Hostesses for the afternoon will be Mrs. I. R. Longworth, chairman, Mrs. A. W. Kahle, Mrs. John Keith, Mrs. A. L. Woodworth, Mrs. R. B. Dunn, Mrs. Ursula Groves, Mrs. Sarah Johnson and Mrs. A. O. Hotchkiss.

Invitations have been issued by Mrs. James R. Tillotson for a luncheon-bridge to be held at her home, 428 S. Charles-st., Thursday afternoon at one o'clock.

Mrs. Frank Wright, S. Cole-st., will be hostess to the members of the Quilna Bridge club at her home, Tuesday afternoon.

Election of officers will take place at the all day meeting of the Mercy Circle of King's Daughters to be held Wednesday at the home of Mrs. Peter Hulken, State-st. Mrs. W. H. Harper will be in charge of devotionals and the assistant hostesses will be Mrs. A. G. Sawyer, Mrs. E. H. Palmer and Mrs. C. O. Sullivan. This is the final meeting of the year.

Mrs. Louise White, of Toledo, will arrive on Thursday to be the guest of her daughter, Mrs. Charles East, W. High-st., for several days.

Guests were Misses Winifred Anderson, Clara Heile, Iris Hohl, Naomi Shroves, Elizabeth Boeckel, Hattie Thoring, Della Good, Mrs. Layton Miller, Mrs. B. G. Miller and the guest of honor.

Announcement has been made of the marriage of Miss Ethel L. Hadding and Bernard W. Bize, low, both of this city, which took place in Monroe, Mich., May 28.

Mrs. Lester May was re-elected president of the Coterie club at their annual election of officers held at the home of Mrs. Charles Nichols, Weadock-av., Tuesday afternoon. Other officers re-elected were Mrs. Clifford Stanyer, secretary and treasurer and Mrs. Don L. Faze, press reporter. Following the business session, contests were held in which Mrs. Lester May and Mrs. Don L. Faze were successful among the club members and Mrs. Opal Kuntz among the guests.

A two-course tea was served at four o'clock. Guests were Mrs. B. G. Shiner, Mrs. Cyrus Allen, Mrs. R. R. Herron and Mrs. Opal Kuntz and daughter, Catherine, of Kokomo, Ind.

The club will enjoy a covered dish luncheon at the home of Mrs. Austin Bessire, N. Collett-st., in two weeks.

Mrs. Ward Frazier, Marion-rd., will entertain the members of the G. W. club at her home, Thursday afternoon.

Announcement of the approaching marriage of Miss Pauline Hobensack, daughter of I. K. Hobensack, 1010 Hughes-av., and H. W. Keller of Raleigh, N. C., has recently been made. The wedding will take place at the home of the bridegroom in Evansville, Ind., on June 23.

JUNE NUPTIAL
AFFAIRS STIR
LIMA SOCIETY

Majority of Weddings Will be Quiet Home Functions—
Invitations Issued—Many Pretty Parties are
Arranged in Honor of Brides-Elect

Attendants Chosen for Parmenter-Mitchell Marriage on
June 10—Dinner Next Sunday Evening at the
Shawnee Country Club Here

WITH the arrival of June, more than the usual number of early June weddings are being planned. The majority of these marriages will be quiet home affairs with only the immediate relatives and close friends present. No doubt the largest and smartest wedding which will take place during this "Month of Roses" will be that of Miss Ruth Parmenter, daughter of Mr. and Mrs. Robert Winthrop Parmenter, and Dr. Fred Leroy Mitchell, of Globe, Arizona.

Miss Parmenter, whose marriage will be an event of June 10 at 4:30 o'clock at the Market Street Presbyterian church, has chosen her wedding party. Miss Gail Parmenter will be maid of honor and Miss Josephine Garretson and Miss Helen Bower, bridesmaids. The flower girls will be little Misses Jane Parmenter, a niece of the bride, and Joan Horn, of Cleveland. Dr. Mitchell has asked Neil Parmenter,

a brother of the bride, to serve as best man and the ushers will be Lyle Parmenter, brother of the bride, and T. S. Garretson, an uncle of the bride.

The following close friends of the bride-elect have been asked to assist at the nuptials: Mrs. Clarence Klinger, Mrs. Lyle Parmenter, Mrs. William Daniels, Mrs. Walter Rowlands, Mrs. Chester Ridenour, Miss Mabel Bower, Mrs. Margaret Gregg, Miss Margaret Krein, Miss Margaret Moyer and Miss Merle Thompson.

A number of pre-nuptial courtesies will be paid the popular bride-to-be during the coming week. Among the affairs will be the luncheon-bridge at the Shawnee Country club on Monday at 12 o'clock, at which Mrs. Val Kohl will preside; the luncheon-bridge to be given Tuesday by Mrs. Alfred Wenner at the Lima club; the bridge tea, Wednesday afternoon, when Mrs. Charles Hoyer and Mrs. John Blattenberg will preside; the evening of bridge on Thursday, when Mrs. Roland Shook and Miss Helen Bower will entertain at the Bower home; the luncheon at the Hotel Argonne, Friday, to be given by Miss Ruth Seymour; the affair Saturday afternoon, when Mrs. Howard Horn, of Cleveland, will entertain at the Shawnee Country club, Sunday evening, when Mrs. R. S. Garretson and Miss Josephine Garretson will entertain.

Mrs. Carl Neville, S. Cole-st., will entertain the members of her bridge club at a one o'clock luncheon at the Lima club, Wednesday.

Mrs. W. E. Rehbein of Canton is the house-guest of Mr. and Mrs. Charles Preston, 610 S. Wood-lawn-av.

Miss Frances Collett, W. Main-st., entertained the members of the Sigma Zeta Phi sorority and a number of guests at her home, Saturday evening. Bridge was enjoyed, six tables being tilted for play. A two-course luncheon was served at the close of the games.

PLANNING CONSIDERED

Commission To Act On Comprehensive Legislation Monday

PREPARED TOWARD ZONING

Preparing Ordinance For New Body

Ordinance providing for the establishment of a planning commission to supervise building activity, the laying out, widening, extending of streets within the city of Lima as well as any other matters relating to the city, will be considered by the City Commission tonight, with the probability that it will be passed. Immediate steps were taken by the commission at a recent meeting for the establishment of a planning commission, which is the first step in the direction of zoning.

According to the plan as set forth by members of the commission, the new plan board, which will be composed of five men, will be appointed by the City Commission and will serve without pay on the part of the commission. In authorizing building first planning supervision, the commission has taken the advantage into the city numerous additions, with no provision made for the laying out of streets which therefore may not conform to the general plan of the city.

CRIME BUILDING

Decided in the duties of a planning commission will be to see that the erection of buildings in residential districts and in other small buildings in such districts so they are built abutting on the side.

There is a possibility, it was pointed out by members of the commission, that sometime in the future it may become necessary to widen the streets of the city in many cases this would require the tearing down of buildings which condition will have to be eliminated by the planning commission.

Several years ago action was taken by the board of commissioners, but the appointment of a commission, but none was appointed. Dividing the city into blocks, business and residential districts would be the jurisdiction of such a commission.

Ed A. Baechler, president of the Lima Realtors Association, said that members of the association approved the appointment of a planning commission, but that the association would not take further action to further this movement.

City Solicitor Paul Landis will prepare the necessary legislation, and it is thought that the commission will take favorable action Monday night.

CAL STATION MAKES RECORD

Local Transmitter Is Heard In London, England

Robert David, local radio operator, has received a card from the British station 5XN, an amateur station located in London, stating that the local station 8GD, which is the best record ever made by this station, 8GD, its signal has been reported from coast to coast and 35 states as well as Canadian provinces.

David first became interested in radio in 1920 when he listened to a friend next door transmit a half kilowatt spark, using a crystal detector and a vacuum tube, a set which he believed was the best.

Since that time he has built a receiving set and began transmitting the code used in radio communication. On August 5th having passed the examination for an amateur license, David is an Official Relay Station of the American Radio League, and, acting in that capacity, he is always glad to receive reports from other stations.

David's station is located at 65 feet high on a building and is equipped with a transmitting set of 100 watts and a receiving set of 100 watts.

MAIN-ST PAVING PROGRESSING

Work On Curbing Started By George Walther Co.

STREET RAILWAY IS BUSY

Job To Be Completed On Schedule Time, Belief

Work on Main-st is progressing rapidly, according to advices received from city officials and the contractors who are at work on the street.

All brick have been torn up and the street excavated and graded up to the Public Square. At present workmen are engaged in tearing up brick in the square.

The George Walther paving company Saturday began placing curbing at the Ottawa river terminus of the strip to be paved. Workmen will follow the graders from the Ottawa river to the Pennsylvania railroad on the east side of the street, laying both curbing and concrete base.

PLANS CHANGED

Where the original intention had been to pave both the east side of the street and the car tracks at the same time, it is now planned to pave the east side only to within 18 inches of the car tracks.

City Manager C. A. Bingham stated that the change in plans was due to the need to complete the paving of the east side of the street as soon as possible.

Abandonment of the original plan was caused by delay on the part of the Lima City Street Railway Co. in laying of new foundations under car tracks from Springfield to the Ottawa river.

Laying of the brick in the car tracks therefore will have to wait until the east side is finished and work on the west side begun. The company started work on the new foundations Saturday and it is thought that they will have them completed by the time the pavers are on their return trip from the Pennsylvania railroad to the Ottawa river, Bingham said.

With good weather, and if no serious unlooked-for setbacks are encountered, with the present pace as a calculation basis, the street should be finished before Sept. 1, the date set by George B. Walther contractor for the finishing of the job.

PAYS MORE THAN DEMANDED

Student Gives Check For Full Education Cost

CAMBRIDGE—Should a college student pay the full cost of his education when it is demonstrated that it cost the institution more money than he has paid in tuition fees? This is one question that the Massachusetts Institute of Technology, which thinks so, and he has backed up his belief by sending the institution a check for \$1,052.50. His name is withheld.

Impressed by a suggestion made some months ago by General S. O. Peck, president of the General Electric company and a member of the Technology corporation, that the tuition be raised to cover the full cost of education, the student asked the bursar to figure out the actual costs. The bursar complied and in a letter accompanying his check the student stated that he was paying more than he was demanded.

The student's action has caused a stir at the Technology. The bursar, who is a member of the Technology corporation, has been asked to investigate the matter. The student's action has also caused a stir among the faculty and the board of trustees.

M. S. DAUGHERTY DISCHARGED

Court's Decision Frees Banker In Justice Probe

CINCINNATI — (Associated Press)—In an opinion handed down in United States district court at Cincinnati by United States District Judge A. M. J. Cochran, Mayville, Ky., M. S. Daugherty, Washington, C. D., Ohio, banker, was permanently discharged from the custody of John J. McGrain, deputy sergeant-at-arms of the United States senate, April 26, 1924. McGrain took Daugherty into custody on a warrant issued by the United States senate for his appearance to testify in the senate investigation of his brother, former United States Attorney General Harry M. Daugherty.

Judge Cochran held that the investigation being held by the Daugherty senate investigating committee is without warrant of law, that it is not the exercise of a judicial function authorized by the constitution of the United States and that to compel Daugherty to testify is an infringement of the rights of a citizen under the constitution of the United States.

Judge Cochran also held that the investigation was on the initiative of the senate and not of the houses of congress; that the original resolution appointing the Daugherty investigating committee did not set forth the purpose of the investigation and it was not until the passage of the resolution directing the arrest of Daugherty, that any intimation was given by the senate that the purpose of the investigation was to investigate the conduct of a citizen under the constitution of the United States.

Judge Cochran said he could find no basis under the constitution giving to the senate the right to compel a witness to give up that which he knows.

Final entry of the decree was postponed a week to permit the assistant United States attorneys to communicate with the senate committee special counsel in Washington.

EXPEDITION TO FILM TREE-CLIMBING FISH

CHICAGO—A species of fish which climbs trees and jumps into the air after grasshoppers and bugs is the unsung hero of a new film, "The South Sea Island Research Company," headed by former Mayor William Hale.

The expedition is scheduled to leave here July 1 for the announced purpose of putting the fish on film. The film will show the fish in its natural habitat and will be a valuable addition to the world's knowledge of marine life.

MCADOO MEN DEFEATED AT MINNESOTA CONVENTION

ST. PAUL, Minn. — Defeating supporters of William G. McAdoo at nearly every turn, Minnesota Democrats in convention here Saturday night voted to send an unopposed delegation of 23 to the Democratic national convention at New York city.

Four delegates at large were chosen by the state convention and at ten congressional district gatherings two delegates each were selected. Twenty of the delegates were said to be favorable to Governor Alfred T. Smith of New York for president with McAdoo men getting four.

Police officers were called out.

FEDERAL COURT GETS CASES

Four Accused Liquor Law Violators Go To Toledo

Five accused law violators taken here one week ago in connection with the federal case conducted by U. S. Marshal T. Edwards of Toledo federal court on Saturday. They are: Jennie Lucas, 1306 S. Main; A. J. McClintock, 666 S. West; Mrs. L. O. Simmons, 100 E. Eureka-st., were taken to Toledo Saturday. Mrs. Mary Moore, 100 E. Eureka-st. is under a physician's care and could not be removed.

Police Chief T. A. Lanter filed the affidavits against the five after they entered not guilty pleas to illegal possession before Judge Neil R. Poling in criminal court.

CRABBE CRITICIZED AT JUSTICES' MEET

COLUMBUS — Attorney General C. C. Crabbe was severely criticized in speeches and resolutions adopted by the Association of Justices of the Peace at a meeting here Saturday for his suggestion that justices' courts should be abolished. The resolution asserted that the attorney general represented "certain unidentified interests, presumably professional politicians."

State Probation Commissioner B. F. McDonald also was criticized by the justices. Governor Donahoe was lauded as a friend of the justices for having vetoed a number of municipal court bills which would have abolished justices' courts.

FIRM, PLUMP FLESH!

MANY are the eyes that are turned to gaze with keen admiration on the well-developed, healthy girl no matter where she may be on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever-increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill-nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

BUILDING MARK IS BROKEN
One Hundred Per Cent Increase Recorded in May
BIG PROGRAM OUTLINED
Permits Totalling \$1,400,000 Issued This Year

City Hall records show an increase in building permits issued during the past month over the month preceding of nearly 100 percent. Permits for \$379,900 in building were issued in the month of May.

An increase of 150 percent over 1921 and 200 percent over 1922 is shown in the records for May. A building program totaling an aggregate cost of \$2,500,000 was carried out in 1922 compared with \$1,725,218 in 1921. For this year a million and a half dollar building program is being carried out. Permits for \$1,400,000 have been issued since May 1.

HIGH-ST. BRIDGE NEARLY DONE
Structure Will Be Finished in One Week, Is Report

With prospect of favorable weather, traffic will be pouring over E. High-st. bridge within a week, Charles Ash, supervising engineer for the county, declared Saturday.

The last loads of earth for the fill were dumped on the arches Saturday. The stone to cover the surface will be laid in this week. After the fill has settled and packed down under traffic the bridge and its approaches will be paved.

Work on Bellefontaine-av bridge one block down stream from High-st. bridge is progressing. Both bridges are being built for the county by the Robert Supply Co.

Their construction is a forward step in the development of the east side of Lima, many parts of which though close to the downtown section, have been hitherto more or less inaccessible, Ash declared.

TRICE CASE TO BE HEARD
Divorce Action Trial is Set for Next Saturday

COLUMBUS GROVE—The divorce case of Elba Wisel Trice against Mary Catherine Trice was set for trial next Saturday by Judge E. R. Eastman in common pleas court.

The case was heard in the late fall in part, Judge Eastman holding over decision until such a time as M. C. Trice could appear in court.

At that time parentage of the unborn child was in question and Judge Eastman declared he would decide as to the parentage of the child when the case comes on for final action. Since then the baby has been born and Mrs. Trice announces it will be in court to face its father when the case comes for trial next Saturday.

Judge Eastman decreed at the former hearing, that Mrs. Trice should be paid \$600 and that she should relinquish all interest in real estate, consisting of two houses and lots, owned by her husband.

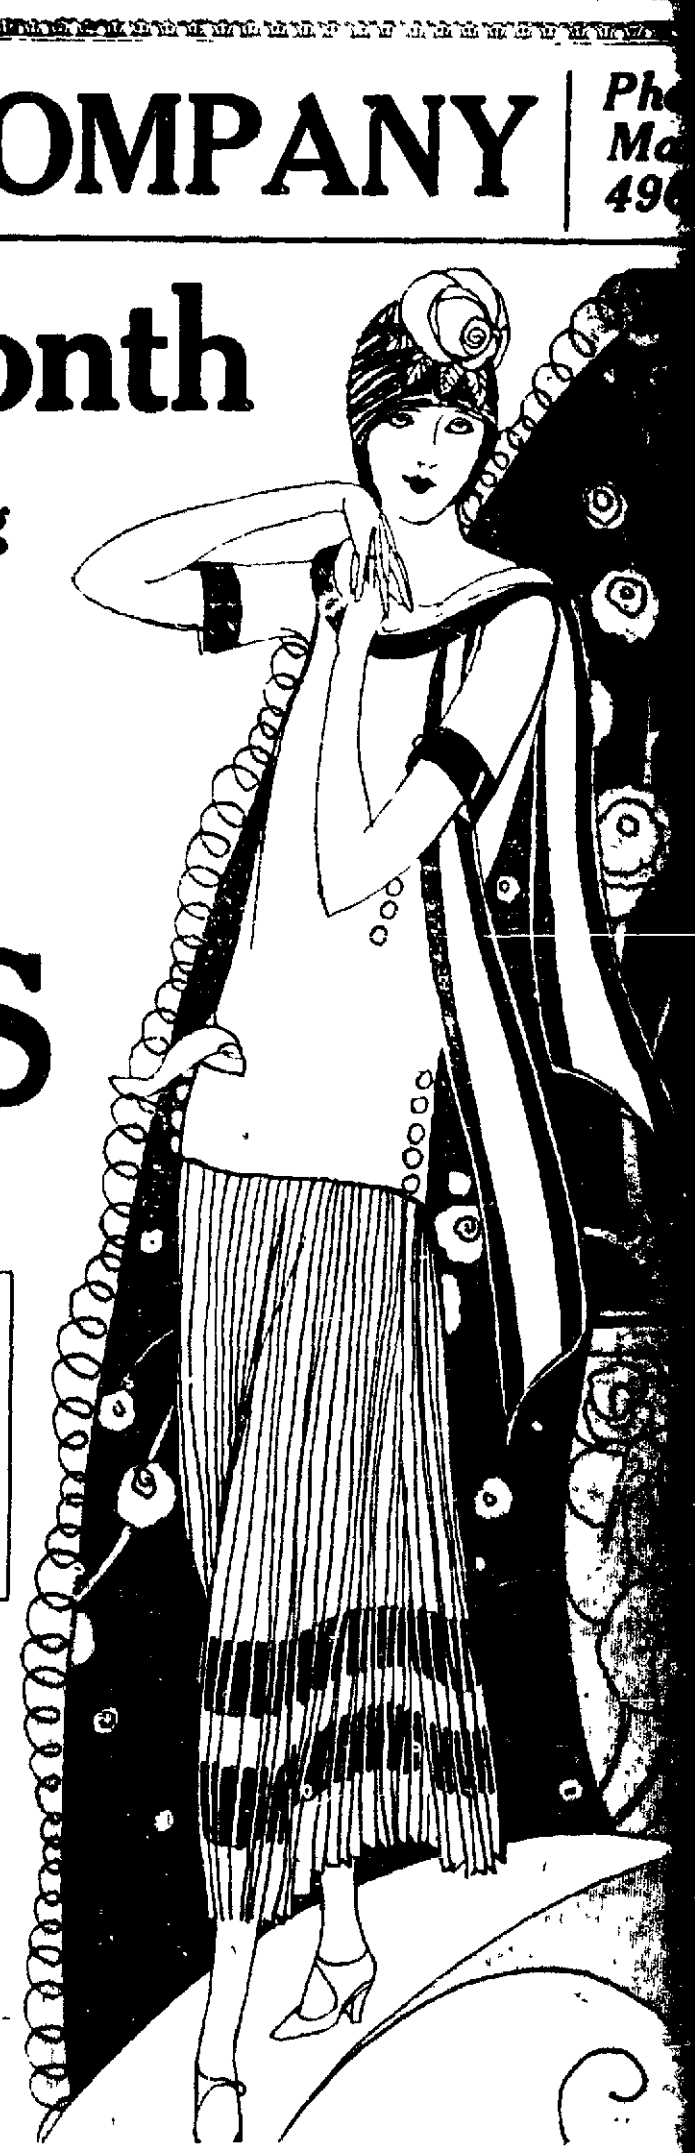

Time court took this action to prevent blocking the sale of the real estate by Trice, who had a buyer, Mrs. Trice and the baby are occupying the other residence.

The Studebaker Light-Six!
More are sold than of any other six in the thousand-dollar price class!
More because—it is the sweetest, smoothest-running Six you ever drove. Its specially designed offset valve motor, its machined crankshaft, its four big crankshaft bearings, its perfectly precisioned cylinders, pistons and reciprocating parts are the reason.
More because—no other car in its price class shows such obvious indications of quality—genuine leather upholstery, a hand-tailored top and curtains, carefully selected details of equipment, lustrous baked enamel finish.
More because—its 40-horsepower motor, its correct gear ratio, its beautiful balance and low center of gravity, make it like lightning in the "get-away," never falling on a hill, and effortless under a full load on any reasonable road.
More because—it is backed by a great service organization, immediately and willingly accessible.
More because—its recognized used car value protects you with the lowest possible depreciation when you come to trade it in.
To prove its goodness by performance we will lend you a Light-Six any day this week—come in and ask for it.

SHRINERS OPEN NEW HOSPITAL
Dedicate Another "Temple of Babies' Smiles"
FOR CRIPPLED CHILDREN
The Institution of Kind Located at St. Louis

ST. LOUIS—(Associated Press) Another "Temple of Babies' Smiles," the fifth in the chain of hospitals for crippled children, ultimately to stretch from coast to coast, will be dedicated here with an imposing ceremony of Nobles of the Mystic Shrine, including bands and uniformed patrols from a hundred temples throughout the country. The dedication ceremonies precede the golden jubilee convention of the Shrine which opens in Kansas City. Thousands of pilgrims journeying to the convention have routed their special trains to attend the St. Louis ceremonies. The hospitals were authorized by the imperial council four years ago and already five are in operation, correcting club feet, straightening crooked spines and dislocated hips of boys and girls. Back home, straight and strong.

OTHER HOSPITALS. The four other hospitals are at Shreveport, La., San Francisco, Calif., and the Twin Falls of Minneapolis and St. Paul, Minn. The "mobile" hospital at work in the Hawaiian Islands, which has given treatment to more than 300 children, has headquarters in Honolulu. Other hospitals are being built in Springfield, Mass., and Montreal, Canada, and sites have been purchased for hospitals in Philadelphia and Chicago. The plan proposes to build and maintain at least twenty of these institutions, placing one in reach of every crippled child in the world, regardless of race or color.

They hope to restrict on admission that the child must be from some ailment contracted under the head of orthopedic surgery. The case must offer reasonable hope for cure and the parents must be financially unable to meet the costs of treatment in a non-charitable institution.

Each of the 501,000 Shriners has pledged \$2 a year toward the fund.

MIXED GAS IS BEING URGED

Supply for Cincinnati Depends On Change, Is Claim

CINCINNATI — (Special) — Cincinnati, second largest city in Ohio, must prepare to accustom itself to the use of a mixture of natural and manufactured gas as its leading fuel because of the rapidly diminishing supply of the natural product.

That is the notification made by W. W. Freeman, president of the Union Gas & Electric Co., to the people of this city in a letter to city council.

"After very thorough and serious research, the officers of the company are convinced that it is absolutely impossible to obtain sufficient natural gas from any source at prices which would be acceptable to the public, to enable the company in the future to render adequate and satisfactory service throughout the city in the winter months," says Freeman in his letter.

"The study of the officers of the Union Gas & Electric Co. has led to the conclusion that the ideal character of gas service to be supplied to Cincinnati in the future is a combination of the available natural gas with sufficient manufactured gas to yield gas of not less than 800 heat units, which is the requirement as to heating value which has been in the company's franchise for the supply of natural gas."

"It has been ascertained that the full richness of pure natural gas is not fully utilized in the appliances which are manufactured for gas service and that a properly mixed gas of very high heating value possesses some advantage over either manufactured gas of not less than 800 heat units, which would yield in practical results a service substantially equal to that of the natural gas alone, and vastly superior to that obtained from the use of manufactured gas of the highest quality provided by any such gas companies."

Mr. Freeman says his company is ready to build a manufactured gas plant or to obtain a supply of manufactured gas for use in Cincinnati. He points out that the rates charged for manufactured gas in the largest cities in the country are generally in excess of \$1.00 per thousand cubic feet, with an average in the twenty largest cities in the country, using manufactured gas, being \$1.05 per thousand cubic feet.

KEG WHISKY IS BEING TESTED

Contraband May Be Donated by County to Hospitals

Disposition of some 50 gallons of keg whisky confiscated by county officers at Joe Cousin's junk yard, 426 N. Main-st., awaits the report of J. Roland Cuthbert, city chemist, relative to its purity.

Samples of the liquor were sent to Cuthbert for analysis last week. He has not reported Judge J. H. Hamilton declared Saturday.

As soon as the report is made Judge Hamilton will either order it sent to Allen-co hospitals or order its destruction.

Bottled whisky, guaranteed by Cousins to be prewar stuff, will be donated to hospitals along with 51 quarts of port wine.

do you regard the banks of the community? Most folks have ideas that are not entirely in accord with the facts.

In the first place, banks are owned by a large number of stockholders. They are directed not by one man, but by several. They are really semi-public institutions operating to make a fair profit and at the same time render most valuable service to the public.

Commercializing Sport

Another boxing bout that attracted not only national but international attention was held at Michigan City yesterday. Thousands of fans paid their money to see it. The result, while the fight was between a Frenchman and an American, matters not. It means nothing that such and such a championship is held here or there so far as the big majority of persons are concerned.

The thing that does matter in the battle of fists yesterday as well as all other professional sports today, is that they are being commercialized to such an extent that all element of sport is being crowded out for the dollars that may be taken in by promoters.

We would like to have seen Messrs. Gibbons and Carpenter pummel each other. We would not have paid \$22.50 for a seat, however, to have seen a cage full of them battle. And there are many more persons who feel the same way, the thousands who did pay far too much for their seats notwithstanding.

Sport of all kinds should be encouraged in this country. It has been dying out in recent years, the automobile doing much to eliminate the amateur contests. Aside from the few games played by school boys, Lima is without any real amateur contests that attract wide attention. This should not be the case in a community of 53,000.

As soon as Americans go in for sport for the sake of the game they play, then the million-dollar promoters and the million-dollar fighters, who fight once every two years and roll in money, and the baseball players who hold out for and receive fabulous wages will be institutions of the past, and will take their place in history where they belong—along with Jesse James and other noted outlaws.

Bootleggers Laugh

The breakdown of prohibition in so many parts of the country is not due primarily to shortage of enforcement agents. Nor to bribery. Nor to increased cunning by the liquor ring.

The real trouble is the disappearance of the campaign against John Barleycorn as an economic evil and destroyer of its victims.

When the United States went dry, about 2200 of its approximately 2500 counties already had adopted prohibition, either by local option or state legislation.

NATIONAL prohibition really affected only the remaining wet districts—a mere fraction of the whole country.

These 2200-odd counties had gone dry voluntarily—by consent of a majority of the people. They went dry as a result of years and years of educational and emotional campaigning against alcohol as an evil.

King Alcohol was preached against, lectured against, written against. He became disreputable, banished.

But as soon as national prohibition went into effect, the educational campaign against him ended. Temperance became a matter of obeying a law rather than of personal common sense.

Public memory is short. People are forgetting evils of alcoholic abuse. A new generation, it was too young to be impressed by the temperance campaign, is growing up and totting hip flasks.

Prohibition is a farce in many sections because it is an attempt to stop the SELLING of booze instead of stopping the DRINKING of booze.

Booze is a temperance problem. But few look at it in that light. Instead, they look on it as a matter of obeying a piece of legislation rushed in Congress when millions of voters were overworked in the army and soft drink and other lobbies.

manipulating wartime patriotic hysteria to their own purposes.

Prohibition is a problem of thirst rather than of quenching—of the desire to buy rather than the eagerness to sell it for profit.

And prohibition will continue to be a failure until it is approached sensibly as a temperance problem. Some believe that light wines and beer are the ways to temperance. Others disagree. One of these days there'll be a showdown.

Why You Live

The Great Mystery is, not what becomes of us after we die, but why we live at all. Thru all the centuries man has sought to penetrate the black curtain and learn what awaits him in the Hereafter.

By the law of cause and effect, the condition in the Hereafter depends on the life we live here. All religions of large followings agree that this life is preparatory to what follows after death. This is true from the Christian believing that Heaven awaits him if he behaves and obeys the rules, to the oriental who fears that if he doesn't live properly on earth he will have to come back and do it all over again.

Life must have a definite purpose. It cannot be aimless. Everything has a purpose—even the falling of a dead leaf, to fertilize the soil and send its strength back into the tree from which it came.

Life is a journey between two unknown stations. Life is a training school—a spiritual gymnasium, in which obstacles and temptations are sent to develop our spiritual strength.

We come into this world with certain definite tasks to do. These tasks are in proportion to our natural abilities.

The man who is destined to dig ditches all his life and who does the best he can, is as much a success as the man who leads the people politically or as head of giant industries. The thorough ditch digger, living as a good citizen, is a far greater success, than the man who, given great power in life, abuses his power or fails to use it for the accomplishment of good.

Success is not a thing that can be measured by any universal yardstick. It is relative to our natural abilities and opportunities.

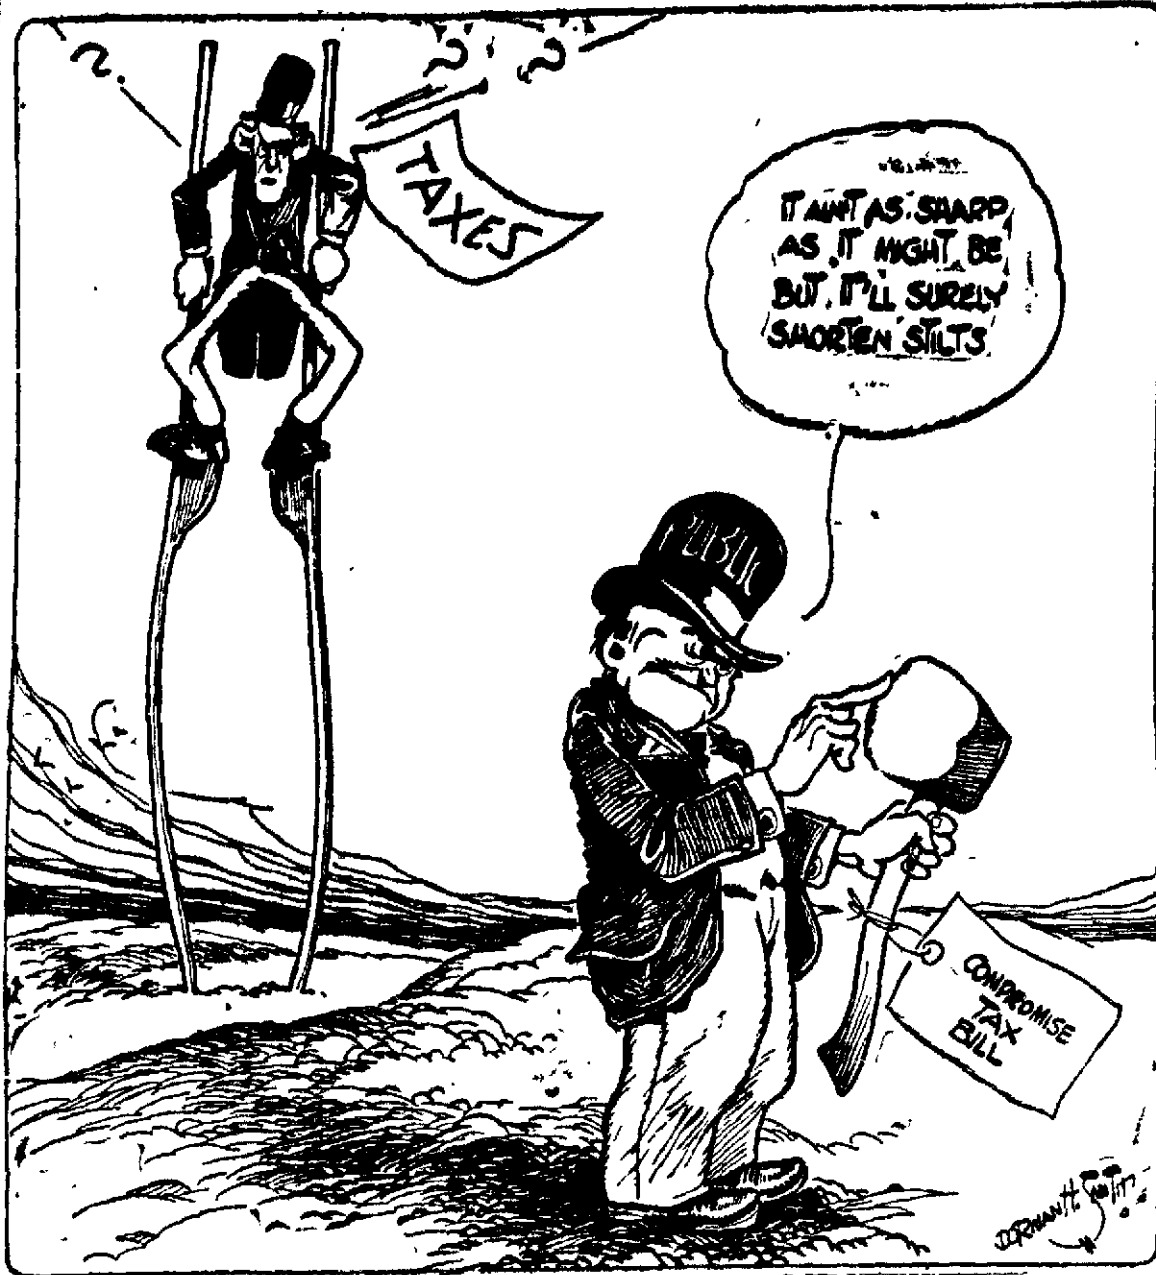

Thru The Air

A few days ago The Lima News printed the first picture to be sent over the telephone between Cleveland and New York. It was remarkably clear and was "wired" from one city to the other in about five minutes. So successful has been the experiment that arrangements have been made to handle pictures over the phone during the big political conventions at Cleveland and New York. The Lima News has arranged to get these pictures for its patrons and therefore will be at least a day ahead of any other paper in this section with convention pictures, if the invention works as well as is expected.

One must marvel at this invention. Still, it is likely that photographs will be flashing thru the air by means of radio within a few months. Experiments already have been made, but there are various difficulties that must be mastered before the system will work satisfactorily. Interference and fading have to be overcome first, which will take time.

This is a scientific wonder you probably will find in general use in a few years. The entire science of radio is in its infancy. One of these days, you will be able to operate your long distance receiving set without batteries. And there will be other developments just as great.

We are entering an era of wonders. A man must be on his toes to keep abreast of the times.

A HOMEOPATHIC WAY TO REDUCE

In reply to a perennial query which I am glad to note is becoming rarer every year, I am not an allopath. There is no such school of practice and there never has been. Now, wait. I do not deny that many doctors have been dubbed "allopaths" by colleagues who had wandered off the regular road onto other "paths." Look in the dictionary and see what allopathy means and who invented the epithet and why. Then you will understand that I merely state a fact when I say there is no allopathic "school" and never has been.

Neither do I profess affiliation with the homeopathic school of practice, tho if I had to restrict myself to a particular path I think I'd make a pretty fair homeopath, at that, as homeopaths go. At any rate, modern medicine owes some of the most valuable methods in treatment and prevention to the elementary principle of homeopathy. The now well tried and generally effective method of immunizing sensitive individuals against ivy poisoning by internally administering to them homeopathic doses of poison ivy daily over a period of a few weeks at the beginning of the season is one instance. Even more striking is the remarkably prompt relief and cure of the skin inflammation present in that condition by a daily hypodermic or rather intramuscular injection of a drop or two of the homeopathic "third dilution" of rhus toxicodendron (poison ivy). This treatment usually brings relief to the intense itching in twenty-four hours and the skin inflammation subsides within a few days, one or two hypodermic doses being sufficient. The method has been re-discovered by one or two eminent pirates of the regular profession in recent years, modified just enough to disguise the origin, and offered as something original, but in truth it is homeopathic.

Now I have a suggestion for a

doctor in spite of all his funny ideas. This suggestion I am going to offer is homeopathic, too. A hair of the dog that bites you. Similia similibus curantur—like cures like.

Very good, sir, as the butler says. What are so many nice young people so fat? Not why are so many fat young people nice—that is self-evident. They're fat because they (a) eat too much and (b) exercise too little to burn the excess fuel. The main class of food in which they over-indulge is carbohydrates, and particularly sweets, ice cream phantasies, cakes, candies 'n' everything good. I suggest that they keep a bit of candy on hand and nibble a wee bit of it regularly about half an hour before meal time. This will take the edge off the appetite and lead to the consumption of less food at the meals. This will help reduction, provided the young person is not downright lazy about getting enough exercise.

TEMPER
High she held her lovely head,
I had promised and forgot;
Bitter were the things she said,
And her voice was sharp and hot.

In her eyes a flash of fire
Lit unuttered thoughts of pain,
I had crossed one sweet desire
And apologies were vain.

Those brown eyes had danced for me,
Those glad lips had often smiled,
Now I stood aghast to see
Loveliness by rage defiled.

Till I saw her so distressed
And her charms by fury awayed,
I had never dreamed or guessed
Beauty could so quickly fade.

Then we laughed the storm away,
Kissed and soothed the bitter sting,
But I'd learned why ages say
Temper is a cruel thing.

A THOUGHT

Let us therefore follow after the things which make for peace, and things wherewith one may edify another.—Romans 14:19.

Peace rules the day where reason rules the mind.—Colins.

WOMEN OF MIDDLE AGE

Read How Mrs. Walsh Was Helped by Taking Lydia E. Pinkham's Vegetable Compound

Mannington, W. Virginia.—"I took the Vegetable Compound when having the turn of life. I had been sick for seven years. I would get a little better, then I broke down again. It would be hard for me to describe how I was a perfect wreck. I suffered with a pain in my left side, then I would have numb spells, and I would think I couldn't live. I would have hot flashes, then would come weak spells. I was so weak I would think I couldn't ever get a meal ready. My work was a burden to me. I was not able to do my household half of the time. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and it has given me strength and health. The hot flashes left me and I got better of the numb spells. That summer I could do my household work and worked in the garden a good bit. I tell all sick women what your wonderful medicine did for me, and will always recommend it. I am known to all my neighbors, and you can publish this statement because it is true." Mrs. JOHN W. WALSH, R. No. 1, Box 36, Mannington, West Virginia.

NEW CANDIDATES FILE PAPERS

Groom Frank A. Harman For
County Commissioner

LIMA ENTRANT SOUGHT

Fess And Tolan Mentioned As
Probate Judge Aspirants

Efforts to bring forward some
representative Lima business
men as candidates for one of the
two county commissioner jobs
this fall have so far been barren
of results.

Nevertheless, it is said that
there are several who may be in-
duced to file. Among the most
prominently mentioned is Frank
A. Harman, city park board mem-
ber and retired furniture dealer.

Harman is being boosted, either
as a candidate for treasurer or
county commissioner. He has so
far declined to announce himself
as a candidate for either office.

He declared Saturday that he
had not given much thought to
the matter. Lima should have
representation on the board,

however, he declared, as the city
is in the position of a majority
stockholder in a corporation who
has no voice in its management.

Some representative citizen of
the city, he declared, who can
command non-partisan support
should come forward. He ac-
cepted the suggestion, however, that
he is the most likely man for the
post.

Two new candidates for com-
missioner, both of whom live out-
side of Lima, filed Saturday. They
are D. P. Diller, Democrat of
Burlington, and J. F. Yoakum, Re-
publican of Shawnee, Yoakum
has served as township trustee
for the past eight years.

Two other Democratic candi-
dates obtained blank petitions at
the election board office Satur-
day and will file during the com-
ing week. They are Charles
Huffman, of Monroe, and Ed
Youngster, of Delphos.

Four candidates are now in the
field for the Republican nomi-
nation and four for the Democratic
nomination.

John W. Thompson, incumbent,
and E. O. Zuerchly, Shawnee, to-
day filed on the Republican
ticket, with John Dunlap, Harrod
union king, yet to come.

A. J. Barber, is the fourth man
on the Democratic ticket for com-
missioner.

A second Democratic candi-
date for recorder developed Sat-
urday in the person of M. R.
Nelson, of 677 S. Main-st. He
will oppose C. C. Arnold, for the
nomination. Glen L. Wallace, Re-
publican incumbent apparently
will be unopposed as choice for
his post.

Proponents are expected to fill
the ticket for probate judges
during the coming week with one
of several candidates who are
said to be seeking for the job.

Charles L. Fess, brother of U. S.
Senator Simon Fess, but of op-
posite political faith, and R. B.
Tolan, former probate clerk, are
mentioned as possibilities.

George of the G. O. P. county
committee to run up a candi-
date to oppose Clarence L. Fess,
for clerk of courts, have borne
no fruit. Identity of one or two
dark horses being groomed for
the job will likely be disclosed
in the coming week.

On Wednesday young Knisely
lifted the covering of the small
box containing the alligator in
order to give it more air. An
hour later he returned to find it
had escaped. Search Wednesday.

Thursday and Friday was un-
availing and the task was given
up. It was thought the animal
had hiked south to the Ottawa
river on its return trip to Florida,
from which state it was sent as
a gift by V. M. Knisely to his
nephew, Gray.

Young Knisely does not wish
to take any more chances on los-
ing his pet so he will turn it
over to the Faurot park "zoo," he
said.

RAIN HINDERING ROAD WORK

Dry Weather Necessary for Proper Base Installation

SURFACING IS UNDER WAY

Auto Club Moves for Better Route to Lakeview

Progress in the construction of several state aid roads in Allen-co has been slow due to incessant rains which have fallen since May 1. Charles Ash, resident engineer for the state highway department declared Saturday.

Conditions have been so unfavorable that Ash has several times considered calling a halt until clearer skies and sunshine prevailed.

It has been almost impossible, he says to do the right kind of work under conditions prevalent during the past month.

The ground at times has been so saturated with water that nothing could be done. The macadam base which is specified for most of the roads under construction is hard to put in during rainy weather.

Proper rolling, one of the prime requisites to building a good base, cannot be accomplished when the soil is soggy. For that reason Ash has tried to have contractors keep their crews busy on other work.

Part of the base is in on Spencer-ville, south-west of the city and is water bound. If weather remains fair the rest of the base will be pushed to completion in two weeks.

HEAT NEEDED
Hot weather, the hotter the better, is needed during the period when the top surface goes on the road, Ash declares.

The top on Spencer-ville, rd is to be bituminous macadam. Unless the stone is thoroughly dry and the weather is hot the tar or oil asphaltic concrete does not penetrate the surface course properly. Base course on the initial section of a six mile strip on Bellefontaine-rd has been started. Excavation work on the second three miles has commenced.

Beside these two sections, the state is surfacing with Kentucky rock asphalt, a mile section on the Harding highway from Wright's Crossing to Delphos. A much better job can be done on this section, according to Ash, if the surface is put on during hot dry weather.

Hopes that the state would award aid on highway 456 from Westminster to the Auglaize-co line so as to provide a shorter route to Lakeview, and Russell's point, are in vain, according to Frank A. Damm, district highway engineer.

Damm in a letter to James L. Hoffer of the Lima Automobile club declares that the state can do little or nothing in that section of the county.

He points out that aid has been allowed on the Bellefontaine-rd, Spencer-ville-rd and to close existing gaps in the Harding highway west of Lima. The state also is endeavoring to find funds to link Lima with paved system in Putnam-co.

DEADLY SEEN
It is impossible to build all the roads at once, Damm declares. He points out that there is now one good route to the lake. Nothing can be done in Allen-co, he predicts until state road 117 in Auglaize-co, with which the Lima Westminster connects at the county line, is improved.

Steps may be taken by the Lima automobile club, Secretary Hoff-ne declared Saturday, to line property owners in Auglaize-co up for improvement in 1925.

County commissioners took another stride in the improvement of the county secondary road system Saturday when they let contracts for surfacing of three roads on which the base is already in.

The roads are a mile section on the Lincoln highway thru the village of Gomer; three streets totaling about one half mile in length in Delphos; to link up the Harding highway and the Lincoln highway; three fourths of a mile in Spencer-ville, using the present concrete road as a base.

Contracts were let to the Johnson Construction Co., on their bid for asphaltic concrete. The prices quoted are, Gomer, \$17,092.50; \$10,382.20; Spencer-ville, \$11,591.50.

Commissioners chose asphalt as against Kentucky rock, which was bid at a much lower figure for 2 inch surface, and at a saving of 24 cents a square yard under asphalt for inch and a half surface.

BY WILL CRESSY
BOSTON, Mass.—(Special.)—Boston, the Hub of the Universe.

A hub is part of a wheel. Bostonians all have them.

The first white man to set foot in Boston was a Swedish heavy-weight, Lief Eriksson, in the year 1001. Lief was just sort of skalla-hooting around on a summer vacation and did not realize what an opportunity he was missing to establish one of Boston's First Families, for unfortunately he left no descendants to speak of.

Two years later his brother came over but he liked it so much less that he went down to Fall River and died there.

But it was not until 166—something or other, that Boston really got a start. Then a lot of disappointed Methodists over in England got sore at the deal they were getting from the K. of C. and the K. K. K. and the Quakers and the Shakers, and so they decided to go over to America where they could do unto others as others had been doing unto them.

So they bought a Dutch excursion boat, and as it was November, they called it The Mayflower.

Improvement of county roads, according to Surveyor Ed Smith. Wet weather is holding back extension and repair of St. Johns-rd, and also of W. Elm-st from Wood-lawn-av to the city limits, he said.

MRS. NETTIE BACOME OPENS NEW GINGHAM SHOP MONDAY AT 314 WEST ELM ST.

Mrs. Nettie Bacome has just returned to Lima after a successful season selling the famous BOTT NEVEST DRESSES at St. Petersburg, Florida. These dresses are known the country over, and are made in Lima, by Mrs. Chas. Botts.

Mrs. Bacome will open a new Gingham Shop at 314 West Elm St. and will have the exclusive agency in Lima.

At the new Gingham Shop you will find one of the most complete lines of patterns ever shown in Lima. These dresses are guaranteed to fit perfectly, as they are made to your measure.

You will find frocks made of silk, tissue, voiles, dimities, French ginghams and domestic ginghams. You will also find the Shantung in all colors, the Ande-Crepe, and the Clonozan Suiting. The collars and cuffs are hand made with shrinkage allowed.

The voiles are trimmed with net collars and cuffs and the ginghams are trimmed with organdie, voile and embroidery. All these dresses are made of the best materials that money can buy, and they are priced as follows:

Domestic Gingham \$4.50, French Gingham \$7.00, Shantung \$8.00, Voiles \$9.00, Dimities \$8.00, Clonozan Suitings \$5.00.

We do not sell to stores and we do not ask a deposit with order. You are invited to call and examine our samples and be convinced.

And they loaded it with Ancestors and antique furniture and started out to be Pilgrims and get their names in the papers, and sell off the furniture.

While the exact dimensions of this ship have been mislaid, statisticians have figured it out, taking for a basis the amount of furniture "brought over in the Mayflower" that it was a trifle over three miles long, half a mile wide and 1000 feet deep.

They bought the whole states of Maine, New Hampshire, Vermont, Connecticut, Rhode Island and Massachusetts from the Indians for three boxes of axle grease, a set of golf sticks and a bath tub.

As the Indians demanded cash on delivery they called the place Cape C. O. D.

Many distinguished people have come from around Boston. Some of them were mostly distinguished for that fact.

Benjamin Butler, who sued the Boston Transcript for damages because it said he looked like William J. Bryan, came from Boston.

Lydia Pinkham, who discovered she was Woman's Friend, at a dollar each, came from Lynn.

Louisa M. Bushnam, who wrote Little Women, and Joe Mitchell, Chapel, who wrote Little Men in

Congress, were Massachusetts folks.

Doctor Hood located his pill mines at Lowell and Doctor Sid-litz built the first powder mill.

Joseph Miller wrote his Book of Reference. In this book he gives the correct answer to that question which has puzzled scientists for ages: Question—Why does a hen cross Washington Street? Answer—To get from Winter to Summer.

In ye olden days Bostonians used their harbor to dump tea in. Since 1918 prohibition agents have used it to dump everything but tea in.

One of Boston's greatest pride is Bunker Hill Monument, built to celebrate a battle that took place on another hill two miles away.

Washington Street is the longest street in the U. S. If it was ironed out straight it would reach just below Savannah, Georgia.

It is one of the hardest streets in the world to cross. Milk Street tried it and turned to Water.

Many people misunderstand Bostonians: they think they are cold, and they are not—they are only mum.

STONE QUARRY SALE ASKED

Petition Is Filed By Lanwehr; Receiver Is Named

OTTAWA — Appointment of a receiver is asked in an action filed in common pleas court in which Henry Lanwehr is seeking disposition of the Ottawa stone quarry, conducted by himself and Morris P. Goetschius, of Lima, in the latter's life-time.

Lanwehr, in his petition, recites that the partnership was operated by him and Goetschius for the quarrying, crushing and selling of stone. He says that when Goetschius died on March 13, 1924, appraisers were appointed to list his estate.

The petition relates that the

plant is deteriorating in value and ought to be protected and sold at the earliest possible moment.

Benjamin H. Becker, of the bank of Ottawa, was appointed Saturday as receiver by Judge Eastman to serve in case matters can not be adjusted and the case settled out of court.

FARM BUREAU SPEAKERS TO CONDUCT 3 MEETINGS

Discussion of cream gathering will be taken up at three community meetings to be conducted by the Allen-co Farm Bureau the coming week, according to an announcement made Saturday by H. J. Ridge, county farm agent.

The three meetings will be held in Richland-tp on Tuesday evening; in American-tp on Wednesday night, and in Bath-tp on Friday night.

COMEDY VIES WITH ROMANCE ON WEEK'S PICTURE PROGRAM

GOOD BILLS OPEN HERE ON SUNDAY

ter Keaton Is Attraction at Quilna—"The Enchanted Cottage" At Sigma

sy Ruth Miller Stars at Majestic and Norma Talmadge Appears at Majestic

Y GERTRUDE GILLHAM some persons prefer comedy to the resistance of motion picture bill-of-fare. Like pure romance, others as a desire for adventure thrill. All of these classes will find their wishes met in the photoplay program announced for appearance in the current week.

Quilna has the comedy of the week in Buster Keaton's new film, "Sherlock Jr." which is said to be the funniest yet done for the screen. It is a story of a man who goes to work for a detective agency and is assigned to the first half of week starting today. "The Corner" with Conway, Ricardo Cortez and Doris Mackay, comes to the Quilna Thursday for three days. Edward Earle and May have the principal roles in "The Enchanted Cottage" at the Sigma until Sunday. These two favorite will be seen in character roles, also they have ever played, "Jealous Husbands." "Barle Williams and Jane comes to the Sigma screen today for a three day engagement in a college town and the "petting parties" and mod-ernities of the pleasure young people of today are in "Daughters of To-day" which opens a week's out-look today at the Lyric theatre. Daughters of Today", which week's engagement at the Lyric theatre, has been shown. It reveals a sensational

"Daughters of Today" appearing all week at the Lyric theatre.

modern social condition existing among the younger generation. Its gripping interest, delightful romance and tale of college life are said to have strong appeal as does the story of a dear old mother who waits for her daughter to come to Thanksgiving dinner—but waits in vain.

The cast is headed by Patsy Ruth Miller, whose work in "The Hunchback of Notre Dame" has won her fame, and also Ralph Graves who needs no introduction. Phil McCullough is the villain and other eminent screen players are Zazu Pitts, George Nichols, Phillips Smalley and Edna Murphy.

The story is woven around a college town where a country girl comes to get an education. Her fresh beauty is rather a novelty, and she soon becomes very popular. Jazz life crowds out all thoughts of home and promises made at parting, and hip flasks, automobile rides to questionable resorts and petting parties give the girl little time to write home to tell about life "at school."

Finally after a series of adventures, culminating in a murder the picture is said to lead to a satisfying ending.

Patsy Ruth Miller, as the leader of the cocktail drinking, cigarette smoking crowd of "smokers" has a role that is decidedly different from anything in which she has ever appeared. Ralph Graves will be seen as the dignified young Southern aristocrat who is thrown into the fast set and Zazu Pitts again has the role of a comedienne, for which she is famous.

Rolin S. Sturgeon, the director, undertook a big job when he decided to produce this story of today's mad youth but the results are said to add new laurels to his long list of successes.

A comedy will be an added feature on the program.

BOTKINS WARNS TAXPAYERS

June 20 Is Final Day to Pay Final Settlement

More than \$1,000,000 in cash and checks will pass thru the hands of Harry E. Botkins, county treasurer, in the next three weeks.

The money is the last installment of 1923 taxes, needed by city and county governments for operation expenses for the last half year.

Small amounts of tax money have been trickling into the treasurer's office in the past week. The actual rush is expected to set in early in the week.

Botkins sounded his semi-annual appeal to property owners Saturday to get in early and avoid the rush.

June 20 is the last day allowed by law for receiving taxes without adding the penalty. If property owners wait, Botkins points out, everyone will be trying to pay at once. His office will be crowded, and employees will be swamped.

At the present time fewer persons are paying, and there are no waits or delays.

A majority of the tax money coming in will be paid by check, according to Botkins' past experience.

Farmers especially are accustomed to obtain gold coin at their bank for the purpose of paying their taxes. They became accustomed to the practice years ago, when county treasurers were more strict about the kind of money received.

LOCALS SET FOR OPENING GAME WITH HECKLERS TRII

LIMA MEETS LIMA IN EVENING GAME TODAY

Lima got started Decoration Day, when they played and won the game 6-1. This game demonstrated that the locals are strong in all the important factors. Main pitched a heady game. The proof lies in the fact that Delphos is a strong team, and will undoubtedly many a game before the end of the season. The Lima were probably not up to their normal strength with the for the reason that they have had but little chance to against strong pitching. This game proved, however, there will be a little wanting when they get going. This afternoon, by gracious consent of the weather, they will meet the Celina

Pierce Is Star Of College Meet

GRANVILLE, O. (Associated Press).—Seven records established since the withdrawal of Ohio State two years ago from the Intercollegiate Athletic Association were broken here today at the annual Big Six field and track meet which was won by Ohio Wesleyan with a total of 56 points. Three of the records were broken by Harry Pierce, Hillsboro, Ohio, student at Ohio Wesleyan. Pierce was the individual star of the meet, securing a total of 23 points with four firsts and one third.

Miami took second place with 41 1/2 points and Oberlin third with 22 points. Scores of other competing schools were: Denison 13; Ansonia 13; Wooster 12; Kenyon 10; Mount Union 10. His Hope Realized
Five years ago an enthusiastic grammar school boy watched Ohio State jumpers tip the bar at six feet, and right there made up his mind that some day he was going to go even better than six feet.

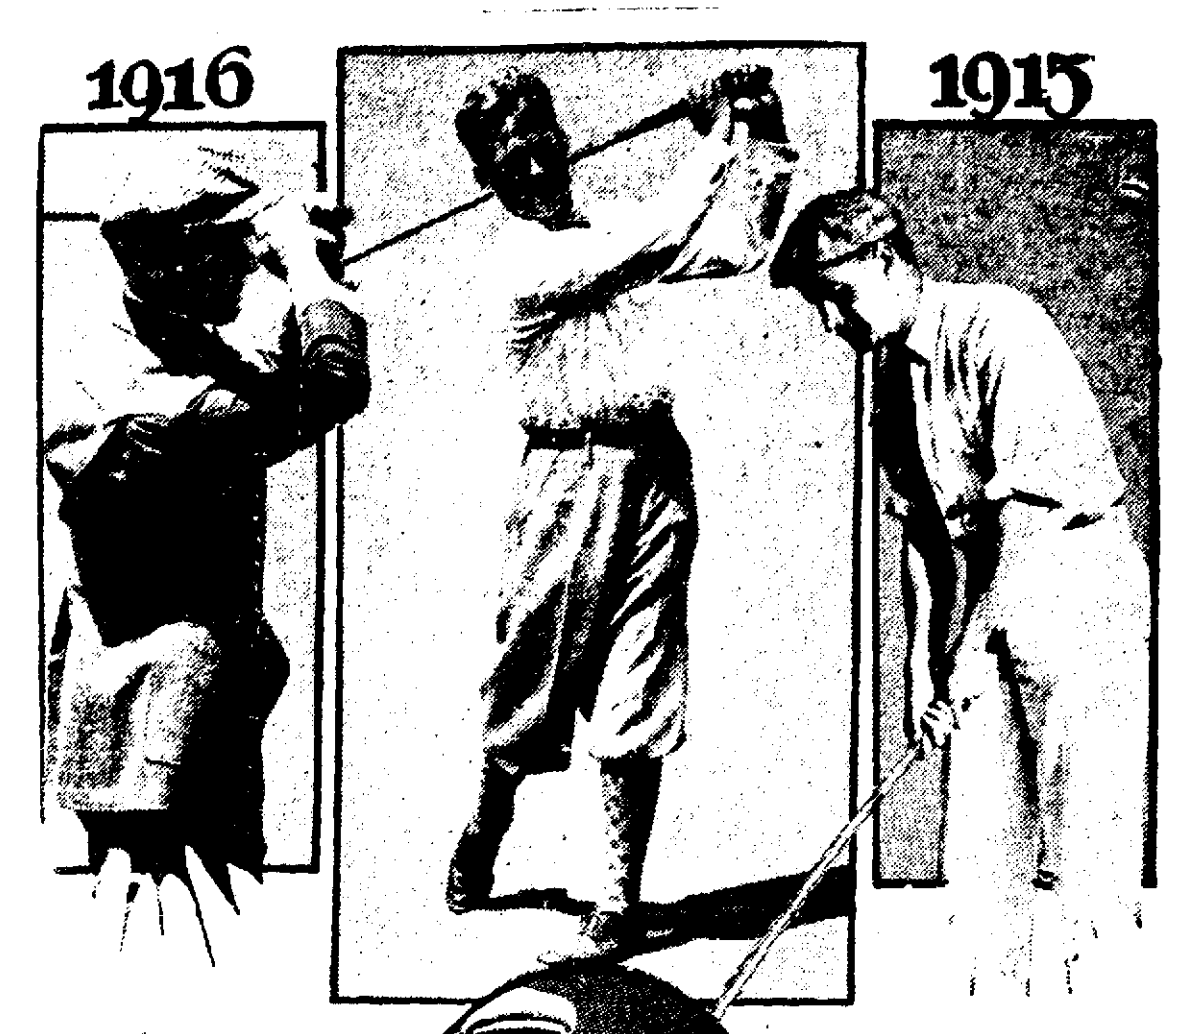

Saturday that cherished hope was realized when Bobbie King, blonde, Central track captain, leaped six feet and one-half inches, besting by five and a half inches the Class A high school record. King's leap was made in Ohio Stadium in connection with the Ohio Intercollegiate championship. A shining gold medal was pinned over "King's" heart and the courage and perseverance which it typifies makes him the big captain the hero of his school mates.

Records broken were in the 100 yard dash, pole vault, high jump, 120 yard high hurdles, javelin throw, broad jump and the two mile run. Pierce of Ohio Wesleyan established a new record in the pole vault with 12 feet. The old record of ten feet 8 inches was held by Sprinker, of Mount Union. Arbuttle, of Miami broke the 100 yard dash record in 10-1-10 seconds. The old record of 10-1-5 seconds was held by King of Denison.

Pearce made a new record of 5 feet 10-1-4 inches in the high jump. The old record of five feet 10 inches was held by Wood, of Oberlin. Pearce also set a new record in the 120 yard high hurdles, making it in 15-5-10 seconds. The old record of 16 seconds was held by Jacobs of Miami. J. Smith of Akron broke the record for the javelin throw at 165 feet five inches. The old record of 143 feet 2-3-4 inches was held by Little of Western Reserve. Perry of Miami broke the broad jump record at 22 feet 8-3-4 inches. The old record was held by Perry of Miami at 22 feet 6-1-2 inches.

Helmus of Ohio Wesleyan broke the record for the two mile run, making it in 9 minutes 58-7-10 seconds. The old record of ten minutes 4-4-5 seconds was held by Helms.

CAN BOBBY JONES, FOURTH AMATEUR TO HOLD OPEN GOLF TITLE, REPEAT

CHICK EVANS
JERRY TAVERS
BOBBY JONES (TOP), FRANCIS OLMET (BOTTOM).

In the play for the open golf championship of America over the Oakland Hills course, Detroit, June 2-6, Bobby Jones of Atlanta, an amateur, will be the defending champion. Jones is the fourth amateur in the history of the game in America to take the field as a defender. No amateur has ever repeated in the open.

Francis Olmet of Boston was the first amateur to win the event, the eaddy graduate triumphing at Brookline in 1913. Jerry Tavers of New York scored in 1915 at Baltusrol and was the second amateur to achieve the distinction.

Chick Evans of Chicago made it two in a row for the amateurs by winning the championship following year at Minkabba with a score of 284, a mark which has yet to be equaled.

Jones crashed thru last summer at Inwood after a dramatic play-off with Wee Bobby Cruickshank. Thus four amateurs have stepped in and taken all the glory from the professionals since 1913. It follows then that the challenge is against an amateur winning this year.

But Jones is the greatest stroke player in the game, bar none, and he figures to be dangerous all the way, tradition or no tradition.

Don't wait, those who want to volunteer to put this project over be there at 4:30 Monday.

Olympic tryouts here, was pressed hard by Larry Snyder, stellar Ohio State track captain. Evidently came Hal Loomis, of Michigan, a cousin of the former title holder.

The 400 meter hurdle race was hotly contested between Riley and Snyder. They ran the hurdles almost on an equal basis, three-fourths of the way when the western athlete extended himself and breasted the tape several feet ahead of the Buckeye track captain.

Other excellent performances of the day were the 3,000 meter run by Ritus Doolittle, of Butler college, the broad jump by Delbert Hubbert, negro athlete of Michigan and the 3,000 meter steeplechase race by Russell Payne of Ohio State university.

Y. W. GYM EXHIBITION
The Y. W. C. A. gymnastic exhibition, which was to have been held on the Kerr lawn on West Market-st., will be given instead in the Y. W. C. A. gymnasium Tuesday night, due to inclemency of the weather. Miss Mary Hazard, physical director, announced Saturday.

The program will start promptly at 8 p. m. Tuesday and consists of marching races and gymnastic and apparatus work by the gymnastic classes, aesthetic dances, both solo and group, by children from four years of age and older, aesthetic dancing by the senior dancing class, and folk dances by all classes.

Will Start On TEN STATE RECORD, SMASHED AT STADI

OHIO STADIUM, COLUMBUS—Lakewood and River were crowned Ohio interscholastic track and champions in their respective classes in the seventh high school meet here. Ten records, divided equally between the larger and smaller schools, fell before the of the school boy athletes.

Lakewood, last year's champion, had a compa easy time annexing the class A, title again, but River trailed Bellpoint, the favorite to win in class most of the meet. Rocky River won out by score of 220 low hurdles, nosing out Bellpoint for the championship by half a point.

Two class B, athletes were the outstanding stars of the day. Anson of Prospect, leaped 6 feet 3 1-4 inches for what is believed to be new national interscholastic record in the high jump. He also was first in the broad jump and second in the quarter mile besides running an anchor man in the relay.

McMillen of Bellpoint, was the individual high point man with 15 points, scoring three firsts for new state records in the discus throw, shot put and javelin throw.

The class B, meet was the most hotly contested in Ohio interscholastic history. Only five points separated the first five teams. Thirty of the forty-seven schools entered in the class B, division figured in the scoring.

While Lakewood had a comfortable margin for first place in class A, a close fight was waged for second place in that group. Only six points separated the second and tenth teams and 27 of the forty-six schools entered tallied points.

Ohio State Swamped Indiana
As an added attraction to the high school championships, Ohio State swamped Indiana in a dual score of 100 to 25. The Buckeyes won with ease despite the fact that Captain Snyder and three others of the best Ohio State athletes were competing with Ann Arbor in the Olympic tryouts. Indiana won only four first places.

Ranney, Shaker Heights, went out of his class in the mile to win in the fast time of four minutes 37 seconds. He also won second place in the Class A half mile, finishing a close runner-up to Riley of Shaker Heights. Shaker Heights, consequently, tallied points in both Class A and B.

FINAL STANDING
Final standing of the Class A teams follows:
Lakewood 26 points; Akron West 14 1-6; Akron Central 13 1-6; Canton McKinley 11; Columbus South 10; Sandusky 10; Toledo 9 1-6; Shaker Heights 8; Cleveland Heights 8; Dayton Sivers 8; Westerville 7 1-2; Oberlin 7 1-6; Cleveland East Tech 6 1-2; Troy 6; Alliance 5; Doane Academy 5; Lima Central 5; St. Marys 4 1-2; Ada 4; Cleveland Shaw 4; Glenview (Cleveland) 4; Cleveland University School 4; Columbus North 4; Columbus East 3 1-3; Cleveland West Tech 2 1-6; Barberton 2; Columbus Trades 1; Lorain 1.

The Class B scoring follows:
Rocky River 20; Bellpoint 19 1-2; Montpelier 18; Prospect 16; East Palestine 15; Cleveland West Commerce 11 3-4; Wauseon 8; Port Clinton 7; Lebanon 7; Delta 7; Bradner 7; Payne 6; Lockland 5 1-2; Columbiana 5; Lakeside 5; Wellston 5; McGuffey 4; Shaker Heights 3; Pomeroy 3; Otterbein Home 3; Dover Center 3; Revanna 3; Israel Township 2 1-4; Kent Roosevelt 2; Lanier Township 2; Mount Gilead 2; Bremen 1 1-2; New Lexington 1; Milan 1; Norton Center 3 1-4; Milton 3 1-4.

LOUISVILLE, Ky. — P Doreen was declared the of the \$10,000 Kentucky Oz three year old fillies this afternoon when the Glde, who finish was disqualified. Her time 1:51.5. Nellie Morse, who won the \$50,000 Pegasus was and and Befuddle third. It was at a mile furlong.

HARVARD STADIUM, BRIDGE, Mass. — (Ass Press).—Yale won the interstate track and field championship today, breaking the three Far Western reign of supremacy in one of the most thrilling in C. A. A. history. The nosed out Pennsylvania by a gle point, the final score bel to 27.

POLICE AND CRANES WIN IN CITY LEAGUE

By both winning in Saturday's Industrial league games, the Police and Crane Co. teams remained in a tie for first place in the league standing with two games won and one lost each. The Crane beat the Superior Motor Coach Body team in the first of a double-header at Murphy-st. 6 to 3, while the Police won over the B. & O. in the second tilt, 4 to 1. The Ohio Power took the third game of the afternoon from the Locomotive at Fairport park, 7 to 3.

Crane, playing errorless ball, took advantage of the eight errors chalked up against the Superior team and two markers in each of the opening frames. Hitting of Dickey and Ulrich featured the former getting a three-base blow.

Six errors, three of them coming in the fourth inning when the Police scored two runs, were responsible for the defeat of the B. & O. Only one of the Police runs was earned. The B. & O.'s lone run, made in the last inning, was earned. This resulted from a hit, a stolen base, another hit and an infield out.

E. Soder, playing second for the Police, was the fielding star of the game. He accepted five chances perfectly and in the fifth made a splendid stop of Freeman's bid for a hit back of second base and threw him out at first. Two of the hits made off Duff's delivery were scratch singles by Schurr.

Bunching his slug with six Locomotive errors, the Ohio Power showed a surprise in the tilt at Fairport park by winning from the engine builders, 7 to 3. Ohio Power outlit the Loco, 12 to 11.

ma may be visited during middle part of June by the American Highway commission which will make a tour of Carolina, Virginia, Tennessee, Ohio, Indiana, Illinois, Minnesota, Iowa, Wisconsin, Michigan, New York, New Jersey and Pennsylvania, beginning Monday, June 2, and ending June 24, according to an agreement made by the Highway Education board with its headquarters in Washington.

ject of the United States by these 38 delegates from America is to make a field study of highways and highway construction in this country in order to improve similar work in other countries. South American countries and Mexico countries represented here, to double their wealth in 10 years and they believe the best way to do this is by better roads and greater highway transportation in their own countries.

delegates will leave Lima about June 11, and from there will travel thru the middle of the continent by way of Des Moines. On this return trip they will make Lima one of their stops.

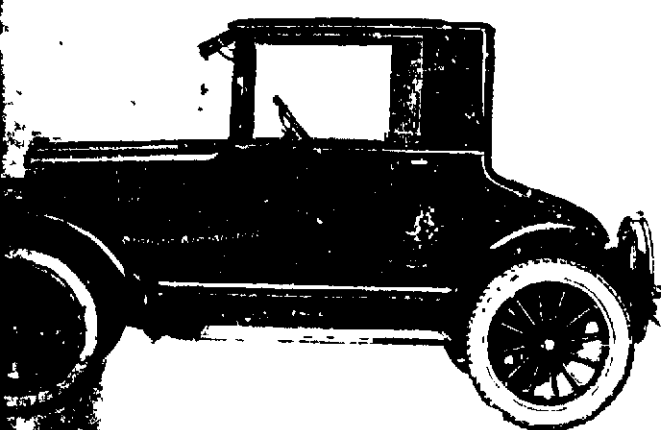

attitude of the United States to this Commission is one of welcome. Monday, Secretary Hughes, Hoover, Work and Will be hosts to the visitors in their respective departments. Then will come the actual study of roads. The study alone furnishes an example of what highways may mean in times of wealth. That is, known chiefly as a source of the coffee bean, has a population exceeding the United States. It is larger in area than the United States. It has neither the large mountain areas which are largely unavailable for cultivation. It has superb waterfalls and fine harbors. The country has 17,847 miles of railroad, almost unlimited timber.

the land near the rivers and roads is populated at a high density. Highways will bring these territories into communication with the rest of the world. The Erie Canal, New York State. The canal will be much quicker, these engineers believe, to carry goods far surpassing the efficiency and flexibility of the canal. The canal is the outstanding feature of the upbuilding of the United States. It is typical. The mines of Brazil and Uruguay, the products of the Central American States, are developed now only to a small extent. This is realized the twenty years of double-production, wealth, and double-population. The highway system can be developed under way. Intensive study is the outstanding feature of the upbuilding of the United States.

Commission will have authority to see dirt, gravel, brick, macadam, concrete types of roads in various states of the nation. Joint guests of those commissions and the Board.

Dort Manager
Urges Partial
Payment Plan

Entering the controversy on the question of selling automobiles on the partial payment plan is Elijah G. Dort, sales manager of the Dort Motor Car Co. This discussion was started recently by an attack on the practice made by J. H. Tregoe, executive manager of the National Association of Credit Men, and has attracted widespread newspaper comment.

"I have read in the newspapers Mr. Tregoe's criticism of the practice of selling cars on time and the answer to it made by Owen Reeves of the Automobile Chamber of Commerce," says Paxson. "I want to add my voice to Mr. Reeves' in defense of the plan. It has been under attack ever since it was originated and it is time the whole matter was threshed out."

"In the first place Mr. Tregoe's remarks are probably based on the

time honored fallacy that the automobile is a luxury. That attitude is as old as the automobile industry is. It used to be true, too, but it has been a myth for years. A luxury is something without which you can get along all right. You have only to watch any street for ten minutes to know how well we would get along without automobiles. If the automobile is a luxury so are street cars and railways—yes, and so are bathrooms."

Overland Sets
Hill Climbing
Mark In Tests

Within the past few months have been staged two of the most remarkable demonstrations of the Overland's power in widely-separated parts of the country.

Before a crowd of 5,000 an Overland ascended and descended the meteor-glazed sides of Stone Mountain, the large granite boulder just outside of Atlanta, which is a point of interest for visitors to the southern metropolis. About three-quarters of the way up the mountain there is a grade that has never before been negotiated and the man skeptical were positive that this stretch of the journey could not be made. It is a mass of smooth granite with no definite traction. The grade approximates a 45-degree angle. But the car rode over it easily and proceeded to the extreme pinnacle of the mountain. After the descent is more perilous, the Overland returned the same way it came.

Near Phoenix, Arizona, in the arid Southwest, stands Camelback Mountain, long regarded as insurmountable by motor car, particularly the spur known locally as Motorcycle Hill, approximately 1,000 feet long and nothing but a thin trail over jagged rocks with insurmountable areas of soft sand, loose rock and granite that cut tires and dares to brave them. Yet an Overland, carrying seven persons, climbed the hill, stopped in the middle of the ascent and then, with all momentum lost, proceeded without undue effort to the crest of the grade, which has since been renamed "Overland Peak" in honor of the occasion.

7 COUNTIES IN
ROAD MEETING

State Director Of Highways To
Speak on June 3

Seven counties, one of which is Allen, all members of the Ohio Good Roads federation will be represented at a meeting to be held in Bellefontaine on Tuesday, June 3, for the purpose of discussing good roads. The meeting will be held in the chamber of commerce assembly room in the town made famous by Kin Hubbard. Allen's highway officials, city and county surveyors and other men in the county who are connected with road building and maintaining, will attend. Counties other than Allen which will take part in the discussion are Auglaize, Mercer, Van Wert, Hardin, Shelby and Logan. The meeting will begin at 11 a. m. with Albert D. Boring, St. Mary's district chairman, presiding. Election of the district secretary, presentation of local problems, discussion of recommendations and appointment of resolution committee will occupy the morning session which closes promptly at noon. Luncheon will be served in the chamber of commerce forum.

In the afternoon the welcome address will be made by Judge Ernest Thompson of Bellefontaine. Response will be made by Judge C. S. Younger, of Celina, assistant attorney general of Ohio. Other addresses will be made by L. A. Boulay, director of highways and public works, G. I. Rudisill, state director, Ohio Good Roads federation, and Thurman Dusty, Miller of Wilmington. Following the selection of place and date of the 1927 meeting the convention will adjourn.

AUTOS EXPENSIVE
TOKYO—Automobiles are genuine luxuries in Japan. A license for the cheapest kind of car costs about \$300. Gasoline—highly taxed—means an expense of approximately \$1 a gallon.

Six Ford Cars
Aid Searchers
Of Lost Oasis

Six Ford cars, penetrating the unexplored wastes of the Libyan Desert in Northern Africa, aided the partial unfolding of a 2,000-year mystery and made possible discoveries which led to the belief that human beings isolated from the rest of the world since the time of Cleopatra may be found living on an unknown oasis in the heart of one of the earth's few unmapped regions.

The Fords were used by Prince Kamel ed Din Hussein, whose recent expedition into the desert west of Luxor, Egypt, brought to light what are believed to be the first authentic traces of the lost army of the Persian king, Cambyses—10,000 men who disappeared completely during a terrific sand storm about 100 B. C.

ENGLISH AUTO LANGUAGE
PUZZLING TO AMERICANS

Motoring terms used in England are in many respects so different from those used in America that the American motorist has a certain amount of difficulty in understanding what it is all about.

A blowout is a "burst." Tire is spelled "tyre." Those sitting in the back of the car are the "back passengers." The windshield is the "wind screen." A five-passenger car is not referred to as a touring car, but as a "five seater." Truck is "lorry," gasoline is "petrol." A windshield wiper is a "screen-cleaner." A tonneau shield is a "rear wind screen."

Hiding qualities are spoken of as the "springing" of the car. Spare parts are "car components." A spare tube is called a "tube" but a spare tire is called a "cover"—a tire cover is called a "tyre gaiter."

You Can't Beat This Value Anywhere!

Have you seen this big, luxurious Dort Sedan? Do you know the rare comfort of its loungy seats, the great roominess of its interior? Have you inspected its fine appointments, its complete equipment? Are you aware that it is mounted on one of the sturdiest chassis built? Did you ever drive it and experience the exhilarating thrill that comes only from its quiet, smooth-flowing Six cylinder "bathed-in-oil" engine? Do you know its price? This beautiful car is so far superior in appearance and performance to anything near its price that you will be amazed and delighted at its value. Let us give you a demonstration today.
